

SCIENCE 10

Successful completion of Science 10 is required for a student to be able to take Biology 20, Chemistry 20, Physics 20 or Science 20.

Students going into Science 10 will be getting a smattering of Physics, Biology and Chemistry with most of the emphasis on Chemistry.

Recommended Mark: Final grade 9 mark of 50% or higher.

SCIENCE 14

This course is designed to meet the needs and interests of students who want the basic requirements for a High School Diploma but not entry into post-secondary fields. Upon successful completion of Science 14, students can take Science 24 to meet High School Diploma requirements.

- not motivated by science
- difficulty with math
- hands on demonstration of concepts

Recommended Mark: Final grade 9 mark is less than 50%.

SCIENCE 10-4 Knowledge and Employability

For students working towards Certificate of High School Achievement

- has experienced significant difficulty in the subject area
- prefers a hands-on curriculum
- needs to develop organizational
- benefits from structure and direction in the classroom

Recommended Mark: Final grade 9 mark of less than 40%.

****PLEASE NOTE:** Students starting in the K&E program can also choose to try and attain a High School Diploma but it may take an extra semester. Students can take Science 24 after successfully completing Science 20-4 if they want to achieve their Alberta High School Diploma.
